APPENDIX D
HYDROSTATIC TEST DATE DETERMINATION

D.1 HYDROSTATIC TEST DATE DETERMINATION.

a. Check for latest hydrostatic test date (1, Figure D-1) label. If no label is affixed as shown, verify the original hydrostatic test date (2) is current.

b. Ensure identified hydrostatic test date is current based on the following criteria:

- within 3 years for fiberglass-wrapped cylinders
- within 5 years for carbon-fiber wrapped cylinders

c. If not current, remove from service and tag for hydrostatic test.

d. A listing of hydrostatic retesters is available at:
